Erratum to

A Simple Path to Biggins' Martingale Convergence for Branching Random Walk

Classical and Modern Branching Processes,
K. Athreya and P. Jagers (editors), Springer, New York, 1997, pp. 217–222.

by RUSSELL LYONS

The word "martingale" in the next-to-last sentence should be "supermartingale" because $W_n(t, X)$ may take the value 0. The remainder of the proof holds as is. This error was pointed out by S.C. Harris and M.I. Roberts in their article "Measure changes with extinction", *Statistics & Probability Letters*, **79** (8), 1129–1133.
