# **A calculus proof of the Cramér–Wold theorem**

*Proc. Amer. Math. Soc.* **146**, no. 3 (2018), 1331–1334.

by RUSSELL LYONS and KEVIN ZUMBRUN

In the last paragraph, “it is equivalent to strong negative type” should be replaced by “it is almost equivalent to strong negative type”. See the second errata to Lyons (2013).
